

Vestry Highlights November 12, 2019

- Bishop Kevin and Steve Baker visited to discuss stain glass window repair. We will wait for the final estimates and take the recommendations to make a plan for repairs. Their visit was very encouraging to the Vestry (see November 14 eBLAST.)
- Draft Budget was presented and will be voted on in December. Details will be given at the Annual meeting. Do you know it cost \$180.00 a day, excluding salaries to keep our church running?
- Shout out to Jeff Watson for all the repairs to our church.
- Small groups have been meeting with members of the vestry so we can get your input. More meetings to come
- Christmas service is set for 7:30pm December 24
- Fall Fair was a great success-Thank you to everyone who helped! The fair could not happen without everyone's help.
- If you are interested in running for vestry please see a vestry member. We need of 3 people.
